A Word About Tulips

Yes, we expect to have Tulips for fall delivery.

As this price list goes to press, it appears certain that no Tulip bulbs will arrive from the Netherlands. Our own Tulip crop will produce about a million flowering-size bulbs, a large share of which is already sold.

However, in order to provide our customers with their requirements, we have placed orders for British-grown bulbs which are offered subject to arrival. If interested, please ask for Special Quotation.

In view of the limited quantity available, we offer our Michigan Tulips in special collections and mixtures only.
